Laughing Potions
Mega-Hair growth Potions
Stink-bubble Potions
“Bright-Side” Potions
Smoke Potions...
... to name just a few!

Yeah, I know:
“A true witch of Chaosah wouldn’t create these kinds of potions”.

I need to go to the market in Komona.

Exactly. As well it should be.

Make all this disappear while I’m gone; it wouldn’t be good for little jokers to find it and play around with it.
Make it disappear? Easy! Yippee!

Shoot!

Bury everything?! But that'll take hours, not to mention the blisters we'll have by the end of it!
“And by no means use magic. A true witch of Chaosah does not use magic for daily chores.”

CARROT!

Book seven of Chaosah: “Gravitational Fields”... ...without delay!

Grrr!

I’ll show that old busy-body crow what a true witch of Chaosah is!
... Hey... Weren't you supposed to be at the market?

... A Chaosahn Black Hole?!?

... That's really what you understand by: "don't use magic"?!

... Of course not!
And I was right too; it's simply impossible to leave you without constant surveillance!
... Just look at this.
Insufficient mass!
Weak gravitational field differential!
Even the closest stable circular orbit is too small!

And there you go:
Nearly everything will gravitate to stable orbits or Lagrange points and stay floating around.
Even only a slightly larger Event Horizon would have done the trick!
Cursus cancellare Maximus!
