Quality entertainment for everyone, everywhere
Pepper&Carrot is a comedy/humor webcomic suited for everyone, every age.
No mature content, no violence. Free and open-source, Pepper&Carrot is a proud example of how cool could be free-culture.
I’m focusing a lot on quality, because free and open-source doesn’t mean bad or amateur. Au contraire.

Let's change comic industry!
With less intermediary between audience and artist you pay less and I benefit more. You support me directly. No publisher/distributor/marketing/fashion can force me to change Pepper&Carrot to fit their vision of 'the market'.

... Why not a single success couldn't 'snowball' a whole industry in crisis? We'll see...

Help me boost Pepper&Carrot production today
