Pepper & Carrot

Episode 16: The Sage of the Mountain
No, no, no and no, Pepper.
This is something you need to handle on your own.

Personally, I don’t get involved with mediating, not even for a friend. That kind of thing always ends badly.

P-please Saffron...

I’m not learning anything with my godmothers, all they do is take over my home, complain about their old creaky bones and shout at me no matter what I do...

You really can’t come and help me talk to them about it ... ?

Listen, you’re a witch, start acting like one!

Talk to them straight!

Like a big girl!

Alright, alright! I suppose I can come with you and talk to them about it.
What do you mean, you don’t learn anything?!

And you’re not even brave enough to come tell us yourself?!

If my back wasn’t acting up, I’d give you a good lesson! And not one in witchcraft if you see what I mean!

Thyme, calm down. They’re right…
We're not as young as we used to be and now is a good time for a lesson.

I suggest an audience with the Sage of the mountain.

His counsel will be vital...

Heh heh!

The Sage?

Aren't they too young to understand his teachings?

Too young for what?!

We're going!

"We"?

Right, here we are.

I'll let you introduce yourselves to the Sage.

He can be found at the top of this slope.

Ready to learn a real lesson?
Ready!

Me too!

Great! Good attitude!

Go!

Oh no!

A...
A MONSTER!

I KNEW IT!! IT'S A TRAP! ATTACK !!!
Ah, you young ones, always wanting to attack everything!

The lesson of the Sage is to imitate him!

When nothing’s going as you’d like it to, nothing beats a good bath!
It’s good for our rheumatism and your nerves!

What are these crazy lessons!

Open-source and permissive
I want to give people the right to share, use, build and even make money upon the work I've created.
All pages, artworks and content were made with Free/Libre Open-Sources Software on Gnu/Linux, and all sources are on Pepper&Carrot website, Source menu.
Commercial usage, translations, fan-arts, prints, movies, video-games, sharing, and reposts are encouraged.
You just need to give appropriate credit to the authors (artists, correctors, translators involved in the artwork you want to use), provide a link to the license, and indicate if changes were made. You may do so in any reasonable manner, but not in any way that suggests the authors endorses you or your use.

Quality entertainment for everyone, everywhere
Pepper&Carrot is a comedy/humor webcomic suited for everyone, every age.
No mature content, no violence. Free and open-source, Pepper&Carrot is a proud example of how cool could be free-culture.
I'm focusing a lot on quality, because free and open-source doesn't mean bad or amateur. Au contraire.
Let's change comic industry!
With less intermediary between audience and artist you pay less and I benefit more. You support me directly.
No publisher/distributor/marketing/fashion can force me to change Pepper&Carrot to fit their vision of 'the market'.
. . . Why not a single success couldn't 'snowball' a whole industry in crisis? We'll see...

Help me boost Pepper&Carrot production today
