Pepper & Carrot

Episode 17: A Fresh Start
But Pepper... Come back...

NO! I'M LEAVING!!

You don't teach real witchcraft! I'm going - to the witches of Ah!

woosh!
Alright then, off to the land of the setting moons. Shichimi can tell us how to join the witches of Ah.

Carrot, get out the map and compass: it's too cloudy to see where I'm going.

DRATS! Turbulence! HOLD ON!

Oh no!!
Above all, don’t panic, Carrot...

“A good dark stare is worth a dozen useless curses! ... ...Stare them down. Dominate them!”

Personally, I would’ve preferred to learn a few good attack spells; but anyway...

shoot... no more broom or equipment, this is going to be a long trip...
“To know the edible plants is to know where to find ready-made potions against hunger!”

I’m totally worn out too Carrot...
And it’s been days since we’ve eaten anything.

But real potions?...
If only she had taught me a single one!
“A true witch of Choasah needs neither compass nor map. A starry sky will suffice.”

... I would've preferred a real course in divination!

Cheer up Carrot! Look, we've arrived!
...so there you are. Now you know the whole story.

...and you tell me that you’re here because they haven’t taught you anything?
Philosophy

100% free, forever, no paywall

Every contents I produce about Pepper&Carrot are on this website, free and available for everyone.

I respect all of you equally: with or without money. All special bonus I do for my patrons are also posted here.

Pepper&Carrot will never ask you to pay something or get a subscription to get access to a new content.

Supported by patrons

Pepper&Carrot project is only funded by its patrons, from all around the world. Each patrons send a bit of money for each new episode published and get a credit at the end of the new episode.

Thanks to this system, Pepper&Carrot can be independent and never use advertising or any marketing pollution.

For only 1$ per new episode, become a patron today on Patreon

Open-source and permissive
I want to give people the right to share, use, build and even make money upon the work I've created.
All pages, artworks and content were made with Free/Libre Open-Sources Software on Gnu/Linux, and all sources are on Pepper&Carrot website, Source menu.
Commercial usage, translations, fan-arts, prints, movies, video-games, sharing, and reposts are encouraged.
You just need to give appropriate credit to the authors (artists, correctors, translators involved in the artwork you want to use), provide a link to the license, and indicate if changes were made. You may do so in any reasonable manner, but not in any way that suggests the authors endorses you or your use.

Quality entertainment for everyone, everywhere
Pepper&Carrot is a comedy/humor webcomic suited for everyone, every age.
No mature content, no violence. Free and open-source, Pepper&Carrot is a proud example of how cool could be free-culture.
I'm focusing a lot on quality, because free and open-source doesn't mean bad or amateur. Au contraire.
Let's change comic industry!
With less intermediary between audience and artist you pay less and I benefit more. You support me directly.
No publisher/distributor/marketing/fashion can force me to change Pepper&Carrot to fit their vision of 'the market'.
. . . Why not a single success couldn't 'snowball' a whole industry in crisis? We'll see...

Help me boost Pepper&Carrot production today

Thank you for reading!
