Our great magic contest can finally commence!
And thanks to our brilliant engineers, you too will be able to participate!

Yes, yes, my friends, feast your eyes on these technological wonders our hosts and hostesses will provide you!

"And the jury?", I hear you ask.

Don’t worry, we’ve thought of everything!

The green button gives a point to a candidate, the red button removes one. It’s you who decides!

Each juror has a special remote, able to give or take a hundred points with a single press!

Wow!
And the icing on the cake—the scores will appear directly above the participant’s head!

The three witches who obtain the best scores will proceed to the finals!

Don’t forget, the grand prize winner will take home the amazing sum of...

...50,000 Ko!
Such a great concept, isn’t it Carrot?

Innovative...
Amusing...
Democratic...

...the perfect system!

We no longer need experts to judge for quality!

Everyone have their remote?

What progress! We really do live in a fantastic era!

Good!
Let the contest... BEGIN!!
And with Camomile we start the event!
Camomile obtains a very good score! It is now Shichimi's turn!

Open-source and permissive
I want to give people the right to share, use, build and even make money upon the work I've created.
All pages, artworks and content were made with Free/Libre Open-Sources Software on Gnu/Linux, and all sources are on Pepper&Carrot website, Source menu. Commercial usage, translations, fan-arts, prints, movies, video-games, sharing, and reposts are encouraged.
You just need to give appropriate credit to the authors (artists, correctors, translators involved in the artwork you want to use), provide a link to the license, and indicate if changes were made. You may do so in any reasonable manner, but not in any way that suggests the authors endorses you or your use.

Quality entertainment for everyone, everywhere
Pepper&Carrot is a comedy/humor webcomic suited for everyone, every age. No mature content, no violence. Free and open-source, Pepper&Carrot is a proud example of how cool could be free-culture.
I'm focusing a lot on quality, because free and open-source doesn't mean bad or amateur. Au contraire.
Let's change comic industry!
With less intermediary between audience and artist you pay less and I benefit more. You support me directly.
No publisher/distributor/marketing/fashion can force me to change Pepper&Carrot to fit their vision of 'the market'.
. . . Why not a single success couldn't 'snowball' a whole industry in crisis? We'll see...

Help me boost Pepper&Carrot production today
